

## Alt-Energi specialise in the installation of Solar PV for poultry and agricultural buildings.

Powell & Co are working in partnership with Alt-Energi to provide Solar PV solutions for your business. The team have extensive experience in the field of renewable energy installation and keep pace with technological advancements, the latest methods of installation and maintenance. They are the experts providing advice on the best ways in which you can financially benefit from renewables.

Solar PV is a proven technology and an excellent solution for poultry and agricultural buildings, with many additional benefits. Easy to install, Solar PV connects to your own electrical system and converts all the energy generated to be utilised on site. In turn, any excess power can be fed back into the National Grid, providing an additional income stream. A payback of approximately 6 years can be achieved.

Whether it's 1,200m<sup>2</sup>  
or 8,000m<sup>2</sup>, we can  
supply and install  
roof mounted  
Solar PV systems.

**6 YEAR  
AVERAGE  
PAYBACK**
